

Brendan X. Richardson

Industrial / Product Designer

WHAT I HAVE TO OFFER YOUR TEAM

I'm passionate about Design. I believe the foundation for any great design is the ability to identify a problem or need and solve for the best user experience. Attending CCS as well as Arsutoria has shown me the benefits of working within a team to identify opportunities along the design process that would have been overlooked otherwise.

EDUCATION

Arsutoria Design School, Milan, Italy
Certificate in Shoe Technical Design (2D, 3D, Collection)
