I have gotten top grades for all my projects. I also won the “*Benedicte prize*” for having presented the best Bachelors project.

Hodakova (Design intern)

I did my required internship for my 5th semester at Hodakova. Based on my sewing skills, I was given a lot of responsibility early on.

I made 18 pieces for their ss25 collection, as well as helping with some other designs. I also helped before and after their show at Paris Fashion Week, doing the last alterations, making shoes and dressing. After the show, I made samples as well as production pieces for customers. The internship relied heavily on patternmaking, draping and sewing, as well as independent thinking and creativity.

” Project Dansedrømme” for Balcon

With guidance from Maja Brix, I was part of the costume team for a dance performance for youths, held at the Royal Theater in Copenhagen. I helped design and sew costumes from old dress shirts.
