SOFTWARE SKILLS

PROFILE

I am a highly determined Interior Design graduate, passionate about how design can create experiences that are important for people, place and community. I pride myself on my ability to learn new skills and develop my creative thinking as a designer. I am looking for any creative opportunities to connect with a multidisciplinary of people, to grow my personal and professional development.

WORK EXPERIENCE

INTERIOR DESIGN AND CUSTOMER EXPERIENCE ASSISTANT

Dome Design / House of Dome Internship

September 2023 - February 2024

I have been responsible for supporting the experience of the interior design consultancy service to clients. This includes executing sales for high-end products used in commercial spaces, through providing technical advice and engaging presentations. I also manage the House of Dome creative social media and marketing platforms, focusing on the brand narrative and aesthetic to interest and inspire customers.

INDUSTRY PARTNER UNIVERSITY PROJECT

Mix Magazine / Colour Hive

November 2021 - December 2021

A module based on trend forecasting, with a brief set by creative agency Colour Hive. This included a series of images predicting an emerging trend with a focus on sustainable and conscious design. The project was a collaboration with Falmouth University B.A (Hons) Photography students and The Royal Academy of Fine Arts in Belgium. The process included storyboarding, and sourcing of materials for our photoshoot.
